

**NAL File Data Fields for 2010 Roll Submittal (R. 11/12/09)**  
**Per 193.114 F.S.**  
**Comma Delimited Format Only**

Data Field		Differences from 2009 Data Field Layout	Data Field Descriptions	Specifications
1	County number		A two-digit number as prescribed by the Department of Revenue This number can be referenced in the: 2010 DOR NAL Production Guide Attachment 1	Numeric Field 2 Characters
2	Parcel identification code			Alphanumeric Field Up to 26 Characters
3	File type		“R” for Real	Alpha Field 1 Character
4	Assessment year		4 digit year	Numeric field 4 Characters
5	DOR land use		The current DOR land use code consists of a 3-digit, DOR code as prescribed by the Department in the 2010 DOR NAL Production Guide. The Department is studying the possibility of expanding its use codes in the future.	Numeric Field 3 Characters
6*	Appraiser land use code		County-specified Land Use Code	Numeric Field 2 Characters**
7*	Special assessment code	0 – None removed	Special assessment codes: 1 – Pollution control devices, 2 – Land subject to conservation easement, 3 – Land subject to a building moratorium.	Numeric Field 1 Character**
8	Total just value		Total just value should equal the sum of fields 15, 17, 19, 21, 23, 25, 27, 29 and 31.	Numeric Field Up to 12 Characters
9*	Change in just value from approved preliminary roll for same assessment date <b>FINAL ROLL ONLY</b>	Field limited to changes over \$100 and changes not the result of a parcel split or combination. Language added to note that this is the only field on the NAL file that will accept a negative number.	This field applies to changes in just value between the preliminary and final tax rolls that are greater than \$100 and that are not the result of a parcel being split or combined with another parcel. For changes meeting these criteria, enter the total change in just value from the preliminary tax roll approved by the Department for the same assessment date. Entry should be made <b>only on final tax roll and post-VAB final tax roll</b> . For an increase in value enter the amount (ex: 5000). For a decrease in value enter a minus sign before the amount (ex.: -5000). Note: This is the only field on NAL file that will accept a negative number. For the Preliminary submission leave blank.	Numeric Field Up to 12 Characters
10*	Code for change in just value	Field has been expanded to 2 numeric characters  Since changes due to parcel splits and combinations are no longer included, these codes have been eliminated.	Enter reason code for change (or most substantial change) in just value from the approved preliminary tax roll. Reason codes to be entered are: 01 = VAB change; 02 = Court required change; 03 = Revised valuation by a property appraiser due to receipt or discovery of additional information relating to the physical characteristics of the property after a VAB petition has been filed but before VAB has issued a ruling;	Numeric Field 2 Characters**

\* If not applicable, leave blank.

\*\* If applicable, all characters must be entered.

**NAL File Data Fields for 2010 Roll Submittal (R. 11/12/09)**  
**Per 193.114 F.S.**  
**Comma Delimited Format Only**

Data Field		Differences from 2009 Data Field Layout	Data Field Descriptions	Specifications
		The descriptions of new codes 03 through 06 have been revised to distinguish between revised valuations relating to receipt or discovery of additional information related to a property's physical characteristics and other revised valuations.	04 = Revised valuation by a property appraiser due to receipt or discovery of additional information relating to the physical characteristics of the property without a VAB petition having been filed; 05 = Revised valuation by property appraiser due to continued analysis and/or receipt or discovery of additional information relating to the property (other than its physical characteristics) after a VAB petition has been filed but before the VAB has issued a ruling; 06 = Revised valuation by property appraiser due to continued analysis and/or receipt or discovery of additional information relating to the property (other than its physical characteristics) without a VAB petition having been filed.	
11	School district assessed value		Enter assessed value for school purposes. Differences between school and non-school (county) assessed value include county adopted ordinances for assessing certain historic property used for commercial or non-profit purposes and the 10% assessment increase limitation on non-homestead property which applies only for non-school purposes.	Numeric Field Up to 12 Characters
12	Non-school assessed value (County)		See 11 above. Non-school assessed value should equal the sum of fields 16, 18, 20, 22, 24, 26, 28, 30 and 32.	Numeric Field Up to 12 Characters
13	School district taxable value		Enter the taxable value for school purposes. School taxable value should be based only on school assessed value and should not include subtractions for the new additional homestead exemption or local option exemptions which are applicable only to the county or municipality adopting the exemption.	Numeric Field Up to 12 Characters
14	Non-school taxable value (County)		Enter the taxable value for county purposes. County taxable value should be based only on county assessed value and include subtractions for the new additional homestead exemption and local option exemptions which are applicable only to the county (not municipality) adopting the exemption.	Numeric Field Up to 12 Characters
Items 15 through 32 provide detail on just value and non-school assessed value. The sum of just values entered should equal total just value in field 8. The sum of assessed values entered should equal total non-school assessed value in field 12.				
<b>Save Our Homes assessment limitation (enter values only for homesteaded portion of property)</b>				
15*	Homestead just value		Enter the just value of only the portion of the property that is considered a homestead. This would be the same portion that is subject to the Save Our Homes assessment increase limitation.	Numeric Field Up to 12 Characters
16*	Homestead assessed value	The reference to homestead assessed value for school purposes was deleted.	Enter the assessed value of only the portion of the property that is considered a homestead. The difference between homestead just value and homestead assessed value should be the difference solely due to the Save Our Homes assessment increase limitation.	Numeric Field Up to 12 Characters

\* If not applicable, leave blank.

\*\* If applicable, all characters must be entered.

**NAL File Data Fields for 2010 Roll Submittal (R. 11/12/09)**  
**Per 193.114 F.S.**  
**Comma Delimited Format Only**

Data Field		Differences from 2009 Data Field Layout	Data Field Descriptions	Specifications
Non-homestead residential property under s. 193.1554, F.S. (enter values only for non-homesteaded portion of residential property)				
17*	Just value for non-homestead residential property		Enter the just value of only the portion of the property that is non-homestead residential property under s. 193.1554, F.S.	Numeric Field Up to 12 Characters
18*	Assessed value for non-homestead residential property		Enter the assessed value of only the portion of the property that is non-homestead residential property under s. 193.1554, F.S.	Numeric Field Up to 12 Characters
Residential and non-residential property under s. 193.1555, F.S. (enter values only for portion of property that is residential and non-residential property under s. 193.1555, F.S.)				
19*	Just value for residential and non-residential property		Enter the just value of only the portion of the property that is residential or non-residential property under s. 193.155, F.S.	Numeric Field Up to 12 Characters
20*	Assessed value for residential and non-residential property		Enter the assessed value of only the portion of the property that is residential or non-residential property under s. 193.155, F.S.	Numeric Field Up to 12 Characters
Agricultural Classification (enter values for only portion of land classified agricultural)				
21*	Just value of land classified agricultural		Enter the just value of only the portion of the property that is classified agricultural (land value only)	Numeric Field Up to 12 Characters
22*	Assessed value of land classified agricultural		Enter the assessed value of only the portion of the property that is classified agricultural. The difference between the agricultural just value and the agricultural assessed value should be the difference solely due to the agricultural classification. (land value only)	Numeric Field Up to 12 Characters
High-water recharge land (enter values for only portion of land classified as high-water recharge)				
23*	Just value of land classified as high-water recharge		Enter just value of only the portion of the property that is classified as high-water recharge (land value only)	Numeric Field Up to 12 Characters
24*	Assessed value of land classified as high-water recharge		Enter the assessed value of only the portion of the property that is classified as high-water recharge. The difference between the high-water recharge just value and the high-water recharge assessed value should be the difference solely due to the high-water recharge classification. (land value only)	Numeric Field Up to 12 Characters
Conservation lands under s. 193.501, F.S. (enter values only for portion of land classified under s. 193.501, F.S.)				
25*	Just value of land classified under s. 193.501, F.S.	Entries in these fields should include land used for conservation purposes and classified and assessed pursuant to the amendment to s 4(b), Art. VII of	Enter just value of only the portion of a property's land that is classified and assessed under s. 193.501, F.S. (land value only)	Numeric Field Up to 12 Characters

\* If not applicable, leave blank.

\*\* If applicable, all characters must be entered.

**NAL File Data Fields for 2010 Roll Submittal (R. 11/12/09)**  
**Per 193.114 F.S.**

<b>Data Field</b>		<b>Differences from 2009 Data Field Layout</b>	<b>Data Field Descriptions</b>	<b>Specifications</b>
26*	Assessed value of land classified under s. 193.501, F.S.	the Florida Constitution approved in November 2008.	Enter the assessed value of only the portion of a property's land that is classified and assessed under s. 193.501, F.S. The difference between the conservation just value and the conservation assessed value should be the difference solely due to the conservation classification. (land value only)	Numeric Field Up to 12 Characters
Historic property used for commercial purposes (enter values only for portion of property classified under s. 193.503, F.S.)				
27*	Just value of historic property used for commercial purposes		Enter the just value of only the portion of the property that is classified as historic property used for commercial purposes. Value should be entered if classification adopted by either county or municipal government.	Numeric Field Up to 12 Characters
28*	Assessed value of historic property used for commercial purposes		Enter the assessed value of only the portion of the property that is classified as historic property used for commercial purposes. Value should be entered if classification adopted by either county or municipal government.	Numeric Field Up to 12 Characters
Historically significant property (enter values only for portion of property classified under s. 193.505, F.S.)				
29*	Just value of historically significant property		Enter the just value of only the portion of the property that is classified as historically significant. Value should be entered if classification adopted by the county government.	Numeric Field Up to 12 Characters
30*	Assessed value of historically significant property		Enter the assessed value of only the portion of the property that is classified as historic property used for commercial purposes. Value should be entered if classification adopted by the county government.	Numeric Field Up to 12 Characters
Working waterfront property (enter values only for portion of property classified under section 4(j), Article VII of the State Constitution)				
31*	Just value of property with reduced assessment due to working waterfront	Replaced parent/grandparent living quarter assessments with the newly created working waterfront	Enter the just value of only the portion of the property that has a reduced assessment due to working waterfront under section 4(j), Article VII of the State Constitution	Numeric Field Up to 12 Characters
32*	Assessed value of property with reduced assessment due to working waterfront	assessment. Parent/grandparent assessment differences should be recorded with an exemption code in field 90.	Enter the assessed value of only the portion of the property that has a reduced assessment due to working waterfront under section 4(j), Article VII of the State Constitution	Numeric Field Up to 12 Characters
33*	New construction just value	Clarifies that new construction should include improvements new to the parcel, even though moved from another parcel.	Enter just value of new construction. New construction should include improvements new to the parcel even though they may have been moved from another parcel, e.g., an existing mobile home moved to the parcel.	Numeric Field Up to 12 Characters
34*	Deletion of improvements to real property resulting in reduction in just value		Enter just value reduction resulting from deletion from property. Enter as a positive number.	Numeric Field Up to 12 Characters
35*	Parcel split/combine flag		Enter "1" if the parcel was split since the previous year's tax roll. New parcels should not be coded unless subsequently split again in the same year. Enter "2" if the parcel is the combination of two or more parcels since the previous year's	Numeric Field 5 Characters**

\* If not applicable, leave blank.

\*\* If applicable, all characters must be entered.

2010 Sale Data File Fields		Description of Data Fields	Specifications
1	File Type	“S” for Sales File	Alpha Field 1 Character
2	County number	Department of Revenue 2 digit county number (11-77)	Numeric Field 2 Characters
3	Parcel number	Unique parcel number of the sale. Must match parcel number as listed on NAL file.	Alphanumeric Field Up to 26 Characters
4	Roll year	4 digit year	Numeric field 4 Characters
5	Sale transfer code	Sale transfer qualification code – See 2010 Sale Qualification Code List. No other transfer qualification codes will be accepted.	Numeric Field 2 Characters
6	Vacant or improved code	Use “V” for vacant or “I” for improved property at the time of the sale	Alpha Field 1 Character
7	Sale Property Change Code	Enter a numeric code indicating significant change in property characteristics that occurred between the assessment reporting date and the date of the sale. Otherwise, leave blank. Accepted codes are as follows: 1 = Split; 2 = Combine; 3 = New Construction; 4= Deletion; 5= Disaster; 6= Other - Requires explanation	Numeric Field 1 Character
8	Sale Price	Sale Price	Numeric Field Up to 12 Characters
9	Sale year	Year of Sale	Numeric Field 4 Characters
10	Sale month	2 digit month of sale – “01” for January through “12” for December	Numeric Field 2 Characters
11	O.R. Book	Official Record Book *If Clerk instrument number used, leave field blank	Alphanumeric field Up to 6 Characters
12	O.R. Page	Official Record Page *If Clerk instrument number used, leave field blank	Alphanumeric field Up to 6 Characters
13	Clerk instrument number	Utilize this field when no longer using the O.R. book and page system. Either this field or the O.R. Book and Page fields would be filled out, not both.	Numeric Field Up to 20 Characters
14	Sale Identification Code	A unique code assigned to each sales transaction itemized. This code be either a unique internally generated code not exceeding 25 alphanumeric characters or a 4 digit code of which the first two digits indicate the year (08 or 09) and the second two digits indicate the transaction number (01, 02, 03, etc.). This identification code is to remain with the sale for all subsequent pertinent submissions. It is preferred that the transaction part of the code reflect the chronological order of processing of the sale.	Alphanumeric Field 25 Characters

**Notes:**

1. Field names or header row are not to be included

2. One sale record per line

3. Field Values are separated by commas

Data Field		Differences from 2009 Data Field Layout	Data Field Descriptions	Specifications
		The descriptions of new codes 03 through 06 have been revised to distinguish between revised valuations relating to receipt or discovery of additional information related to a property's physical characteristics and other revised valuations.	04 = Revised valuation by a property appraiser due to receipt or discovery of additional information relating to the physical characteristics of the property without a VAB petition having been filed; 05 = Revised valuation by property appraiser due to continued analysis and/or receipt or discovery of additional information relating to the property (other than its physical characteristics) after a VAB petition has been filed but before the VAB has issued a ruling; 06 = Revised valuation by property appraiser due to continued analysis and/or receipt or discovery of additional information relating to the property (other than its physical characteristics) without a VAB petition having been filed.	
11	School district assessed value		Enter assessed value for school purposes. Differences between school and non-school (county) assessed value include county adopted ordinances for assessing certain historic property used for commercial or non-profit purposes and the 10% assessment increase limitation on non-homestead property which applies only for non-school purposes.	Numeric Field Up to 12 Characters
12	Non-school assessed value (County)		See 11 above. Non-school assessed value should equal the sum of fields 16, 18, 20, 22, 24, 26, 28, 30 and 32.	Numeric Field Up to 12 Characters
13	School district taxable value		Enter the taxable value for school purposes. School taxable value should be based only on school assessed value and should not include subtractions for the new additional homestead exemption or local option exemptions which are applicable only to the county or municipality adopting the exemption.	Numeric Field Up to 12 Characters
14	Non-school taxable value (County)		Enter the taxable value for county purposes. County taxable value should be based only on county assessed value and include subtractions for the new additional homestead exemption and local option exemptions which are applicable only to the county (not municipality) adopting the exemption.	Numeric Field Up to 12 Characters
Items 15 through 32 provide detail on just value and non-school assessed value. The sum of just values entered should equal total just value in field 8. The sum of assessed values entered should equal total non-school assessed value in field 12.				
<b>Save Our Homes assessment limitation (enter values only for homesteaded portion of property)</b>				
15*	Homestead just value		Enter the just value of only the portion of the property that is considered a homestead. This would be the same portion that is subject to the Save Our Homes assessment increase limitation.	Numeric Field Up to 12 Characters
16*	Homestead assessed value	The reference to homestead assessed value for school purposes was deleted.	Enter the assessed value of only the portion of the property that is considered a homestead. The difference between homestead just value and homestead assessed value should be the difference solely due to the Save Our Homes assessment increase limitation.	Numeric Field Up to 12 Characters

\* If not applicable, leave blank.

\*\* If applicable, all characters must be entered.
